

Power and connectivity solutions for healthcare

Mobile clinic

Eaton offers a full line of products for every healthcare environment. See how Eaton solutions fit into mobile clinics.

Power

Mobile power retrofit kit

Support UL 60601-1 compliance for connected mobile equipment in healthcare facilities, both inside and outside patient-care areas.

Protect

Medical-grade UPS system

Provide a continuous flow of power to critical systems. A built-in isolation transformer offers full isolation for patient safety.

Charge

Hospital-grade charging station*

Store, charge and sanitize tablets or laptops. UVC light technology helps disinfect devices without the use of damaging heat or chemicals. Cart and wall-mount models are available.

Mount

Mobile workstation

Roll printers, laptops, UPS systems and other workstation essentials from one room to another.

Monitor wall mount

Securely mount flat-panel television screens or monitors on a wall. Swivel and tilt features optimize viewing angles.

House

Wireless access point enclosure

Protect an indoor router/modem or Wi-Fi access point by installing it inside an enclosure made of impact-resistant UL 94 V-0 Classified ABS plastic.

Wall-mount enclosure

Secure and organize IT equipment in locations with limited floor space.

*To promote a healthier environment for patients and staff, Safe-IT™ antimicrobial and antibacterial options are available for select models.
